

Pelagic/Recreation Fisheries Discussion Group 3
Convened by Sustainable Resources Group Int'l, Inc.

November 20, 2003
1:00 – 4:00pm

Honolulu International Airport Conference Room
7th Floor, Inter-Island Terminal

Meeting goals: Review ecosystem management principles and present criteria for sustainable use. Describe status of management regime structure and possible alternatives for proposed NWHI National Marine Sanctuary and elicit feedback. Review and discuss fishery management/regulations for possible alternative management regimes for pelagic and recreational fisheries in the NWHI.

Outcomes: Refinement of alternative management structure for proposed NWHI National Marine Sanctuary. Highest degree of agreement possible on guidance for fishery management and regulations for pelagic and recreational fisheries for a range of possible management alternatives.

Agenda

1:00-1:10pm	Purpose, guidelines, and review of meeting agenda by facilitator Dee Dee Letts
1:10-1:25pm	Review of ecosystem management principles, Bruce Wilcox, SRG
1:25-1:55pm	Current status of possible management regimes/alternatives, Kristin Duin, SRG
	Results of group exercise on possible management regimes
	Concerns resolved and unresolved
	Feedback and refinement of alternatives structure (Facilitated discussion)
1:55-2:25pm	Description of Sustainable Fishery System, Bruce Wilcox, SRG
	Summary of information gathered from subsistence meetings and applicability to pelagic and recreational fisheries
2:25-2:40pm	Break
2:40-3:45pm	Guidance for fishery management/regulations for alternatives
	Group exercise to answer questions posed by researchers
	Synthesis of group exercise (including populating alternatives with range of management ideas/fishing regulations)
3:45-4:00pm	Conclusions and Next Steps
